PROJECTS & TECHNICAL EXPERIENCE

Lead UI/UX Designer | FlashSync Project

2026 – Present

- Conceptualized and designed a QR-integrated payroll and attendance system for Flash Express.
- Developed high-fidelity desktop prototypes using Figma, focusing on administrative efficiency and physical cash distribution workflows.
- Conducted system modeling including ERD, Use Case, and Activity Diagrams to ensure logical data flow.

Event Photographer & Media Volunteer | Technical Working Group

September 2023

- Served as the official photographer for the "Siyensya, Teknolohiya at Inobasyon" event.
- **Coordinated with the technical team** to sync visual content with live program flows and digital presentations.

Film Director | Multimedia Film Festival 2024

December 2024

- Directed a short film entry for the DNSC Multimedia Film Festival.

- Managed the creative process from scriptwriting to final edit, leading a team to produce a high-quality visual narrative.
- Won Best in Original Story for the production.

Member | Digital Media Arts Club (DMAC)
Panabo City Senior High School | 2022 – 2024

- Collaborated with a team of student artists to produce digital content for school-wide events and social media campaigns.
- Participated in workshop and peer-reviews focused on digital illustration, layout design, and video editing.
- Contributed to the visual identity of club projects, ensuring high standards of creativity and technical execution.
